

# What is a Trappist Beer?

A "Trappist" has to satisfy a number of strict criteria proper to this logo before it may bear this name:

- The beer must be brewed within the walls of a Trappist monastery, either by the monks themselves or under their supervision.
- The brewery must be of secondary importance within the monastery and it should witness to the business practices proper to a monastic way of life.
- The brewery is not intended to be a profit-making venture. The income covers the living expenses of the monks and the maintenance of the buildings and grounds. Whatever remains is donated to charity for social work and to help persons in need.

## CHIMAY GOLD / DOREE

**Belgian Pale Ale 4.8% abv**

The monks at Chimay set about to brew in small quantities an easily digestible beer light in alcohol whose gustatory palette placed it within the style of its predecessors. Despite its lower alcohol content, it is still a highly fermented Trappist beer whose touch of hops and spicy aromas never fails to delight all who taste it.
